

What will you (I) continue to work on?

Be aware of students need extra that they may not work alone as well as others working we independently

How might you (I) do this? (strategies)

What were the goals for creating and maintaining positive classroom dynamics for this class?

Students are now ready to read and go to another level

What went well?

books read by Amy

classroom set up supervised where students worked while others read aloud. peer inst keep them on track for silent readers

What was most challenging?

What will you (I) continue to work on?

noise level @ end of day - distracting dynamics of each hr.

How might you (I) do this? (strategies)

Where have (I/you) been and where are you going?

Observer's Comments:

love the yoga stretches at beginning of class
Deep breathing and crossing the midline
Bullseye concentration - steal it for your own!
Bulletin board collage created
Environment created is fabulously used
You have adopted the environment and used it to your advantage for instruction (effective).
Outstanding plans and preparation
Novel way to organize Field Notebook
Next visit - this feels like a final visit -
week of 10/13
mid-term
Oct 10/6
god for you!
